Accessing STAAR Scores in the Texas Assessment Family and Analytic Portal

1. Go to https://www.texasassessment.gov/index.html

2. You will see a screen like this:
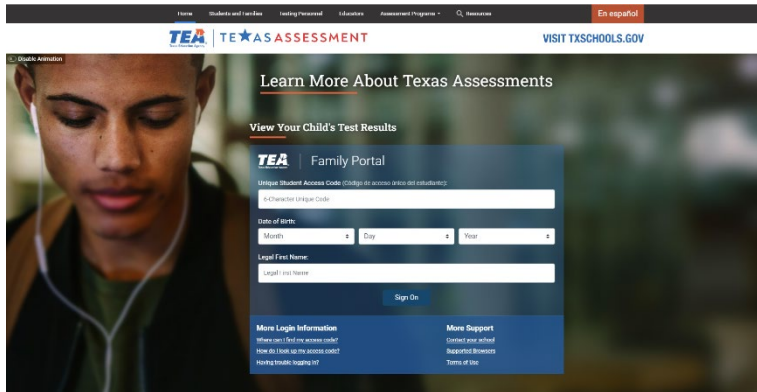

3. Enter the unique access code, your child's birthdate, and legal first name, and click "Sign On" to view scores.

4. If you do NOT have the unique access code, click on the "How do I look up My Access Code" link _or_ contact the testing coordinator at the child's school.

5. You will see the screen to the right

   after clicking on the link.
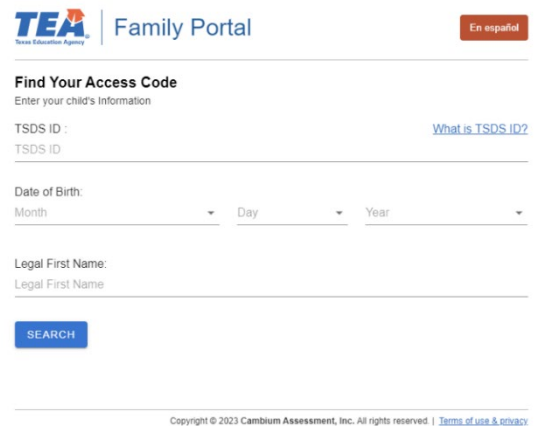

6. Enter your child's TSDS ID, birth date, and legal first name, and click the blue "Search" button.

7. Your student's code will appear in the code field, saying, "Here is your Access Code: Please save for your records." Click the blue "Go to Login" button.

8. The Unique Student Access Code will be prepopulated; all that must be entered is the birthdate and legal first name.

Be sure to write down your access code for future use. The code is good until graduation.
